

Jammu Skill & Simulation Centre RIHFW Nagrota, Jammu

Jammu Skill & Simulation Centre Nagrota

Jammu Skill & Simulation Centre (JSSC) was inaugurated on 18-01-2022 by Additional Chief Secretary H&ME Sh. Vivek Bhardwaj (IAS), at RIHFW Nagrota with the proactive initiative taken by DHS Jammu Dr. Saleem-ur-Rehman. This centre is the first of its kind established at Jammu Division, equipped with State-of-the-Art, Hi-tech, Hi-fidelity computerised simulators and most advanced mannequins that closely mimic human actions like breathing, crying, blinking, bleeding and respond either automatically or manually to the physical and medical interventions.

Hands-on training is being imparted to In-service Health Care Workers of Jammu division on various programmes like Basic Life Support (BLS), Advanced Cardiac Life Support (ACLS), Emergency Room Trauma Support (ERTS), Emergency Room Skill Course (ERSC) and other trainings based on modern simulation methodology so as to enhance the skills and competencies of health personnel (Doctors, Paramedics and other supportive staff). This allows the trainees to learn procedural skills and handle critical emergencies in a safe environment thereby utilizing their expertise in newly established Emergency Resuscitation Rooms at DH, SDH and PHC level. The trained human resource from JSSC is now efficiently tackling medical emergencies and saving precious lives at peripheral level. Skill based trainings are also being imparted to faculty members, students/NSS Volunteers and other non-teaching staff of Jammu University and volunteers from other Department of Jammu Division. This shall enable them to handle emergencies before care can be provided in a healthcare setting. The trainees shall practise these techniques at their area of work during any disaster as first responders.

Inauguration of JSSC Nagrota by ACS H&ME Sh. Vivek Bhardwaj (IAS) in presence of DG FW & DHS Jammu Dr. Saleem-ur-Rehman.
